LOOKBOOK

UNIQUE SCANDINAVIAN
WET ROOM SOLUTIONS

Danish architect Claus Dyre invented the linear drain in 2003 and made Unidrain's unique floor drain system placed against the wall the first linear drain in the world. Since then, various products have been added, all with the same focus on function and design. Unidrain's products have received several international design awards.

ORIGINAL ARCHITECT INVENTION
- THE FIRST LINE DRAIN IN THE WORLD

HIGHLINE COLOUR

YOUR STYLE - FIVE COLOURS

HighLine panel is an exclusive solution.
It comes in five colours: Brushed or hand polished
stainless steel, black, brass and copper.

HighLine floor drain | Panel

HighLine Bespoke floor drain | Custom

HIGHLINE CUSTOM

FREEDOM TO CUSTOMIZE

An almost invisible drain where a trimmed floor tile of your own choice is placed on top to match the rest of your bathroom. HighLine Custom consists of a custom base, rail and heightener.

BESPOKE DRAINS

MAKE IT YOURS

Bespoke is a customised modular line drain system which makes it possible to produce floor drains in all lengths. The solution is ideal for institutions, changing rooms or large bathrooms. It can be designed as a HighLine or ClassicLine solution.

FREE-STANDING DRAIN

A SAFE SOLUTION

You may not always want to place the floor drain against the wall, so Unidrain has developed a free-standing linear floor drain which can be placed anywhere in the floor. It can be designed as a HighLine or ClassicLine solution.

Integrated floor drain

GLASSLINE

STATE OF THE ART

Unidrain GlassLine is a glass wall solution with an integrated floor drain and built-in slope, securing an easy installation and water tight solution. Only a discreet steel frame is visible along the wall and floor, showcasing the elegant lines and providing a timeless look.

KVADRAT DRAIN

10X10 CM AND 15X15 CM

Unidrain's square floor drain allows you to achieve a uniform Unidrain expression in any room where a drain is needed but a linear drain is not an option.

MATLINE

AN INTELLIGENT MAT SYSTEM

When the climate in periods is marked by slush, rain and mud it can be hard to keep the home clean, with children and adults leading active lives. Unidrain's MatLine is a functional and elegant solution to these day-to-day problems.

collection by unidrain®

"My approach to this design is based on a wish to improve and reframe the existing"
Kenneth Waaben, Designer

SOAP SHELF AND SHOWER WIPER

Besides creating a place for your shower essentials, the shelf also provides a fixed home for the shower wiper. Hidden magnets in the wall mount and shower wiper ensure a secure and discrete placement, keeping the wiper handy and easy to access at all times.

SHOWER WIPER

The wiper consists of two parts; a reinforced steel frame and a high quality silicone blade. This construction ensures an effective and even cleaning of all surfaces. Built in 'bumpers' on all sides protect your designer tiles.

MATCHING COLOURS

The Reframe Collection is designed to match the award-winning Unidrain HighLine-series. Choose between five colour options: hand polished or brushed steel, brushed copper, brass or black.

REFRAME YOUR BATHROOM EXPERIENCE

Reframe Collection by Unidrain is an exclusive and unique series of bathroom accessories designed to give your bathroom a truly Scandinavian look. The design is timeless and minimalistic.

TOILET BRUSH MOUNTED OR FLOOR STANDING

The inner plastic container of the toilet brush has a splash guard, which extends over the outer cover and ensures that no bacteria can get in between the two. The inner container is fitted with a 'tap' to make it easy to empty the container without coming into contact with bacteria.

CORNER SOAP SHELF

Soap shelf in a reinforced steel plate to secure stability. Discreet grooves drain water away and an anti-slip barrier keeps shower essentials from sliding when the shelf is wet. The innovative wall mount can be adjusted to fit corners, which are not exactly 90°.
