M O B I L E

In uno spazio di grande atmosfera Cielo mette in scena la “bellezza” del colore e la matericità della ceramica. In un’architettura fatta di 30 stanze da bagno, che si susseguono, Cielo esalta la propria anima, il colore, presentando le nuove collezioni 2022. La poetica di Cielo è raccontata in un affascinante percorso di molteplici forme e cromie, dove la ceramica rimane l’elemento protagonista, in perfetta sintonia con altri materiali come legno ed acciaio, dando vita a prodotti contemporanei e senza tempo, esprimendo nell’insieme un linguaggio ed una Identità inconfondibili. Le Acque e le Terre di Cielo integrano con armonia i complementi del bagno con la sala da bagno, dove il colore ri-definisce forme e profondità spaziali sempre nuove.

In a space of great atmosphere, Cielo stages the “beauty” of the colour and the materiality of ceramic. In an architecture made up of 30 bathrooms, aligned one after the other, Cielo exalts its soul, colour, by presenting the new 2022 collections. The poetry of Cielo is narrated in a fascinating journey of multiple shapes and colours, where ceramic remains the main element, in perfect harmony with other materials such as wood and steel, giving life to contemporary and timeless products, expressing as a whole an unmistakable language and identity. Le Acque and Terre di Cielo harmoniously complement the bathroom accessories, where colour re-defines ever-new spatial shapes and depths.
